MobileDaRt Series Exceeded 7,000 Units, Including Over 3,000 Units of MX8 Version Worldwide

Orders for Shimadzu's MobileDaRt series of FPD-equipped digital radiographic (DR) mobile X-ray systems exceeded 7,000 units worldwide as of July 2022. In addition, the MX8 Version, the latest version of the MobileDaRt series, has reached 3,000 units worldwide. The Mobile DR system that performs workflows from bedside radiography to image verification in one unit enables examinations to be made in ICUs, ERs, and patient rooms, and supports doctors in identifying the patient's condition and quickly deciding an appropriate treatment method. Many of the systems have made significant contributions to healthcare worldwide, such as the diagnosis of COVID-19-related pneumonia in hospital isolation rooms or ICUs.

As a pioneer in mobile DR solutions, Shimadzu will continue our efforts to contribute to worldwide healthcare through our advanced technology and delivery of high-quality products.

Milestones of MobileDaRt series

- 2003 Unveiled at RSNA, the “MobileDaRt,” was a hot topic becoming a pioneer in the new “mobile DR” modality.
- 2005 The world’s first mobile DR system, the 1st-generation “MobileDaRt,” officially launched.
- 2008 The 2nd-generation “MobileDaRt Evolution” launched.
- 2009 Compact FPD type launched and appreciated in pediatric NICU. Dual FPD type also launched.
- 2012 Achieved 1,000 orders worldwide.
- 2015 “MobileDaRt Evolution EFX Version” launched.
- 2017 “MobileDaRt Evolution MX7 Version” launched.
- 2018 “MobileDaRt Evolution MX8 Version” launched and received a “Good Design Award” for its soft, patient-friendly design.
- 2019 “MobileDaRt Evolution MX8 Version” received “The Japan Electrical Manufacturers’ Association Award” for its collapsible column and maneuverability.
- 2020 MobileDaRt series exceeded 5,000 units worldwide, including over 1,000 units of the “MX8 Version.”
- 2021 MobileDaRt series exceeded 6,000 units worldwide.
- 2022 MobileDaRt series exceeded 7,000 units worldwide, including over 3,000 units of the “MX8 Version.”

New lineup of MobileDaRt Evolution MX8 Version

MobileDaRt Evolution MX8Version v type

We added the “v type” as a fourth model in the MobileDaRt Evolution MX8 Version series in 2022. In addition to the excellent basic features of the MobileDaRt Evolution MX8 Version main unit, such as the collapsible column and intuitive maneuverability, the FPDs for the “v type” system offer exceptional durability and great portability.
